TRADOC Council of Colonels

Mr. Jake Pennington (RTI Contractor)
Chief, Lifelong Learning Center
Fort Gordon, Georgia

Agenda

- Operational Status
- Current Usage Status
- Initial Metrics
- Technical Demonstrations
    - 35th Signal Brigade in Iraq
    - Macromedia Breeze
- FG LLC Spending Plan

Operational Status

- GREEN
  - ☑ Fully manned
  - ☑ Blackboard
  - ☑ SharePoint
  - ☑ UIT Portal
  - ☑ Breeze
  - ☑ Collabworx
  - ☑ ATHD
  - ☑ ALMS

Current Usage Status

- ✓ Total members – 39,000 (5,000 new members since last CoC)
- ✓ Visitor monthly average – 3,400
- ✓ % of current membership in Iraq, Kuwait, or Afghanistan – 26%
- ✓ There are 32 categories and 371 downloads
- ✓ Training Simulation downloads – 4,679 downloads (+1,044)
- ✓ Training Simulations available for download:
  - FBCB2   - AN/GSC-52A
  - TIMS - CT-3
  - BSN - AN/TRC-173B
  - HCLOS
- ✓ 72 CBTs available for download
- ✓ Average amount of downloads per month – UIT Portal = 89GB; Blackboard = 57GB
- ✓ 77 Professional Forums with over 866 topics
- ✓ # of posts to the Forums – 2,733

Initial Metrics

- Support to the Deployed Army
  - 35th Signal Brigade (in Iraq) required Training Updates
  - Updates to Technical Information
- Reserve Component MOSQ Training
  - Delivery of 25B10 MOSQ to PEC
- LLC Notification & Delivery of Updated Training to the field Army
  - Utilizes AKO announcements & email

Training the 35th Signal Brigade in UIT

Background on ATSC TSS Reach

• TRADOC, ATSC and Fort Gordon DOT/LLC have been collaborating on a proof of concept to provide asynchronous and synchronous training to deployed forces.

• The ATSC TSS Reach project is comprised of TRADOC ATSC personnel using commercial satellite services and transportable classrooms to establish links from the deployed soldier to the proponent schools for training.

• The request for training from the 35th provided an opportunity to utilize this project For much more than just a proof of concept.

The 35th Signal Brigade Virtual Campus
and ATSC TSS Reach satellite uplink.

Training the 35ᵗʰ Signal Brigade in UIT

35th Signal Brigade Virtual Classroom

Deployed soldiers in the 35th Signal Brigade AOR receive signal training from the University of Information Technology. The soldiers are training asynchronously; accessing our UIT servers to download training requested by the 35th.

Training the 35th Signal Brigade in Iraq

Deployed soldiers in the 35th Signal Brigade
and ATSC contractor personnel using the Virtual Campus.
